ABOUT ME

UI/UX designer focused on creating intuitive, user-centered digital experiences. Skilled in modern interface design, usability, and responsive layouts.

EDUCATION

B.Tech Computer Engineering

RK University, 2021-2024

WORK EXPERIENCE

UI/UX Designer | AddWeb Solution

2025 - Present

Worked on multiple projects designing websites and mobile apps across different industries. Created social media creatives, brand posts, and marketing visuals with consistent design quality. Collaborated with teams to align designs with project goals and user needs.

Used AI tools to speed up workflows while maintaining clean and polished design output.

Junior UI/UX Designer | ROEX Design

2023-2024 (6 Months)

Worked on live projects, user research, wireframing, and prototyping to create high-impact, user-focused interfaces.

Intern UI/UX Designer | Imobile Design

2021 (6 Months)

UI Design Intern during diploma program Learned UI design, app UI design, website design, and core design fundamentals such as spacing, typography, and color systems.
