

Help File (After Effects Templates)

Requirements

- Adobe After Effects CC 2025 or newer
-

Edit Guide

1. Download and install the font (if provided).
 2. Open the project file in **After Effects**.
 3. In the project panel, find the folder “**02. Edit Comps**”.
 - **Media** → open and drag your images/videos into timeline
 - **Text** → open and edit your text layers
 - **Controls** → open and adjust colors and properties in **Control** layer (press **F3** for Effect Controls)
-

Add Audio

1. Go to **File > Import > File**.
 2. Select your audio and click **Import**.
 3. Open **03. Render > Main Comp**.
 4. Drag and drop your audio into the timeline.
-

Render Video

1. Open **Main Comp**.
2. Go to **Composition > Add to Render Queue**.
3. Choose your output settings.
4. Click **Render**.

Notes
